## **APRIL 2006**

For individuals who have a life insurance policy that is more than two years old, chances are that you are paying too much. Increased life expectancy coupled with a term life insurance industry that has grown very competitive has pushed rates down. We have been conducting insurance reviews for our clients and have often come with savings of hundreds of dollars a year and adding additional years to the term. If you have a policy that is older than two years contact us at (888) 950-0940 as soon as possible for a quick review of your options.
